

Dr. B C Roy

Dr. **Bidhan Chandra Roy**, MRCP, FRCS (Bengali:) (July 1, 1882 Bankipore in Patna, Bihar – July 1, 1962). He was the second Chief Minister of West Bengal, India. He remained in his post for 14 years as a Congress Party candidate, from January, 14, 1948 until his death in 1962. He was a respected physician and a renowned freedom fighter. He was an alumnus of the Medical College Calcutta of the University of Calcutta.

In India, the *National Doctor's Day* is celebrated on the date of his birth (and death) July 1 every year. Dr. Bidhan Chandra Roy constituted a trust for his properties at Patna for social service and made eminent nationalist Ganga Sharan Singh (Sinha) the trustee. "We have the ability and if, with faith in our future, we exert ourselves with determination, nothing, I am sure, no obstacles, however formidable or insurmountable they may appear at present, can stop our progress... (if) all work unitedly, keeping our vision clear and with a firm grasp of our problems." The nation honored Dr. Roy with the Bharat Ratna on February 4, 1961. On July 1, 1962, after treating his morning patients and discharging affairs of the State, he took a copy of the "Brahmo Geet" and sang a piece from it. 11 hours later Dr. Roy died. He gifted his house for running a nursing home named after his mother, Aghorkamani Devi. The B.C. Roy National Award was instituted in 1976 for work in the area of medicine, politics, science, philosophy, literature and arts. The Dr. B.C. Roy Memorial Library and Reading Room for Children in the Children's Book Trust, New Delhi, was opened in 1967".

July is month of great pride and honour to all Allopathic Doctors, especially IMA Members. July 1 is celebrated as Doctor's Day in memory of Birth and Death Anniversary of the Doyen of Medical Profession Dr Bidan Chandra Roy. His life time achievements are a source of great inspiration to one and all. He is a role model not only to the Doctors but to everyone who has faith in humanity. Leadership among masses is a rarity Doctors, and Dr B C Roy was a luminary. **Doctor's day**
